

Trainee Audio Visual Technician

Microhire Pty Ltd

We are seeking trainees willing to undertake a Certificate III in Live Production and Services, that are capable of or ready to learn how to operate and/or install audio, vision, IT and lighting to the events market. Experience in entertainment would be advantageous but not necessary to be successful.

Required skills

- A passion for technology
- A desire to obtain skills in the planning and operating of Audio Visual Events
- Familiar with Computers and Windows 10
- Driven to provide outstanding customer service
- Superior personal presentation
- Flexibility with working hours

Preferred skills

- Drivers license
- Mac OS a plus

Salary will be the Live Performance Trainee Award Wage of approximately \$26,400 plus overtime and super.

Note this is a full time job where you are paid to attend TAFE and work on the job for 12 months. Successful trainees will be offered full time technical roles upon completion.

Applicants should have not already completed certificate 3 or higher education to be eligible.

Providing state of the art professional services to some of Australia's largest companies, Microhire offers fantastic opportunities for Audio Visual Technicians. If you are looking to join a team with an outstanding industry reputation, and have the skills and commitment to grow with us, you will find Microhire offers the ideal environment for you to begin your career.
